## **MAINTENANCE TIPS**

✔ HVAC Filter Reminder: Change your filter every 30 days, even in winter. You can submit a work order or pick one up at Self-Help. Only use MERV 6 or lower filters.

❄ Cold Weather Tip: When temperatures drop below 32°F overnight, keep your sink on a slow drip to help prevent pipes from freezing.

## **GOOD NEWS STORY: RESIDENT REVIEW**

*"I have lived in Hunt housing for 7 years and for the most part have been satisfied with maintenance. Due to MRP I had to move and have to give a huge shout out to the entire maintenance staff. They have done everything I asked and things I did not ask quickly and efficiently. Bill who did most of the work made sure everything was done properly. He is a true asset to the maintenance team. Thank you maintenance!"*

*"The repairman was courteous and professional to the fullest extent. He even accommodated my schedule as well. I was on my way to the pharmacy when he called, but he just told me to call him when I was on my way back and he met me at the house shortly after to complete the repair."*

*"Great as always, love these guys!"*

## **UPCOMING LOCAL EVENTS**
